INCONTINENT REUSABLE UNDERPADS

Heavy metal and dehp/dop free.

DRY-WICK Poly-Urethane (PU) Bonded Underpads

Designed to be processed in industrial laundries

These are the top of the line underpads in the market. These pads are made to endure the most intense commercial washing and drying. Bonding the pad prevents air pockets from forming between the soaker and face fabric as they go through the dry cycle. The soaker is 65% Polyester /35% Rayon and is a 10 Oz weight. The face fabric is 100% Poly Tricot with a 1" quilted wave pattern.
